BLEED AREA
The bleed area extends out 3mm from the edge of your finished artwork. All images or colours that are required to print to the edge of the document should be extended to avoid the chance of any white lines during the print finishing process.

SAFETY AREA
Avoid putting any text or important information 3mm from the edge of the document or center spread as content placed within this area maybe cut off or obscured with the binding process.

TRIM AREA
This is the finished size of your document. Anything placed outside this area will be trimmed off during the print finishing process.

HOW TO CREATE YOUR PRINT READY PDF
Please use the following instructions to create your PDF.

File > Export
Format > Adobe PDF >
